

ENVIRONMENTAL POLICY

CDE Capital is committed to operating in an environmentally responsible manner. We particularly acknowledge the special relationship the majority of our staff have with the land.

To ensure no harm to the environment, we will:

- Identify and manage risks to the environment wherever we work
- Comply with all relevant environmental legislation and regulations
- Use resources efficiently in order to reduce waste and emissions
- Engage with our clients, suppliers, sub-contractors, local communities and other interested parties to ensure sustainable development
- Foster environmentally sound activities by all our staff
